More about the book:

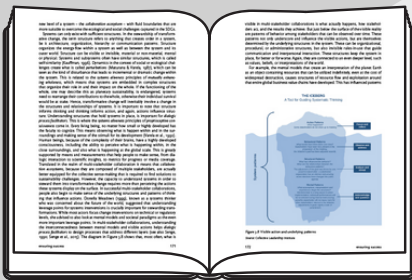

<https://www.collectiveleadership.de/blog/article/leading-transformative-change-collectively/>

This book directly helps decision-makers and change agents in companies, NGOs, and government become more proficient in transformative, collaborative change in realizing the SDGs. It is designed to enhance high-quality stakeholder engagement, dialogue, and collaboration.

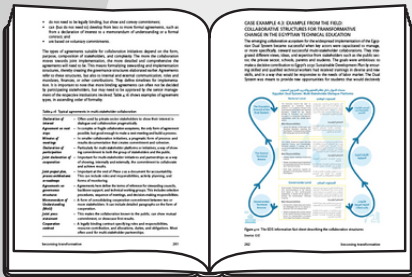

Latest findings and practical insights for working with CLI's core models
The **Dialogic Change Model** and the **Collective Leadership Compass**

The book connects the emerging practice of multi-stakeholder collaboration to easily understandable models, tools, and cases. Numerous concrete cases bring this methodology to life, identify the typical challenges, and help practitioners avoid common mistakes.

Most relevant **scientific insights** on transformative change, leadership, and multi-stakeholder collaboration

Case study examples from recent CLI multi-stakeholder collaboration projects from all over the world in every chapter

Practical **tools, checklists, and guidelines** – applicable for your collaborative journey right away

Start today: Design purposeful collaborations, reflect on your individual leadership qualities, and foster meaningful sustainability transformations with us!

The standard work for practitioners to realize the SDGs
